# How to access Business Voice Admin Portal

Maxis Business Voice Admin Portal is a simple and unified management platform that enables administrators to take full control of the enterprises' voice communications system and configure phone-based features at their computers based on customer subscription.

To Log into Business Voice Admin Portal:

1) Launch your web browser (ex: firefox) and access the web portal at
   https://www.businessvoice.maxis.com.my/business_voice
2) Please bookmark on the browser.
3) Enter your "Username".
4) Enter your "Password".
5) Tick the agreement terms ("I agreed to the …").
6) Click "Log In"

After successful login with two-factor verification, you can manage the corporate telephony Group Features. You can also change or update settings for each user through User Feature.

For details guidelines, you may refer to the user guidelines inside this Maxis Business Voice Admin Web Portal.
